WELCOME TO

AGI INTERNATIONAL

GENERAL TRADING LLC

At AGI International, we are driven by our passion for bridging gaps and creating connections across the globe. Since our inception, we've been committed to providing exceptional import and export services that cater to the dynamic needs of our diverse clientele.

We are incredibly proud of the hard work and dedication our team puts into upholding our core values of integrity, innovation, and excellence. Our mission is to ensure that our clients receive top-notch, reliable, and efficient services, enabling their businesses to thrive in the global marketplace.

In today's fast-paced world, navigating the complexities of international trade can be challenging. That's why we leverage our years of industry expertise, extensive market knowledge, and robust logistics network to streamline the process for you. Whether you are looking to source the finest products from long-established markets or to export your goods to new and emerging ones, AGI International provides tailored solutions to meet your specific needs.

Thank you for considering AGI International as your trusted partner in the import-export industry. We are excited about the opportunity to work with you and to help your business reach new heights of success.

OUR VISION

At AGI International General Trading LLC, our vision is to be the leading global partner in import and export solutions, fostering seamless cross-border trade and innovation. We aspire to transcend boundaries, bring markets closer, and empower businesses of all sizes to achieve their full potential on the international stage.

Through our commitment to excellence, sustainability, and forward-thinking strategies, we aim to set new standards in the industry and contribute to a more interconnected, prosperous world.

In an increasingly interconnected world, we see ourselves as the bridge that connects countries and cultures, bringing varied markets closer together. Our goal is not just to meet the logistical needs of our clients, but to exceed their expectations by providing comprehensive, tailor-made solutions that address the unique challenges of global trade.

Moreover, we strive to foster a culture of continuous improvement and innovation within our organization. By investing in our people, embracing new technologies, and adapting to the evolving needs of the global market, we are dedicated to staying ahead of the curve and setting new standards in the industry.

Ultimately, our vision is to contribute to a more prosperous, interconnected world by empowering businesses to navigate the complexities of international trade seamlessly. Through our unwavering commitment to excellence, integrity, and sustainability, we aim to be the trusted partner of choice for import and export solutions worldwide.

AGI

INTERNATIONAL

MISSION

- We provide reliable, innovative import-export solutions, fostering seamless global trade, sustainable practices, and lasting partnerships for businesses of all sizes.
- At AGI International General Trading LLC our mission is to simplify and enhance global trade for businesses of all sizes. We are dedicated to providing reliable, efficient, and innovative import and export solutions that enable our clients to navigate the complexities of international markets with confidence.
- Our commitment to excellence drives us to deliver personalized services that cater to the unique needs of each client. By leveraging our deep industry expertise, extensive network, and cutting-edge technology, we strive to ensure the seamless movement of goods across borders, while maintaining the highest standards of integrity and compliance.
- We believe in fostering strong, lasting partnerships based on trust, transparency, and mutual growth. Our team of skilled professionals is passionate about anticipating and addressing the ever-evolving challenges of global trade, ensuring that our clients can focus on their core business operations with peace of mind.
- Sustainability and social responsibility are at the heart of our operations. We are committed to implementing eco-friendly practices and supporting initiatives that promote ethical trade and community development. We recognize our role in contributing to a better, more sustainable world and are dedicated to making a positive impact through our actions.
- By constantly innovating and maintaining an unwavering focus on quality and customer satisfaction, our mission is to be the most trusted name in import and export solutions, empowering businesses to achieve their global ambitions.

INTERNATIONAL

PROJECT

- At AGI International General Trading LLC, we pride ourselves on our diverse range of successful projects that underscore our dedication to excellence in global trade. One notable project involved partnering with leading electronics manufacturers in Asia to distribute advanced technology products across North America and Europe. By optimizing supply chains and ensuring compliance with international standards, we managed to import and distribute over one million electronic units within the first year, achieving a 90% on-time delivery rate.
- In another significant endeavor, we collaborated with local farmers and cooperatives to export fresh produce to the Middle East and Asia. Our sustainable and quality-focused approach enabled us to reduce spoilage by 25% through state-of-the-art cold chain logistics. This initiative supported over many Traders through fair trade agreements and secured long-term contracts with major international Import & Export chains.
- We also facilitated the import of Metal and providing comprehensive logistical support.
- Our expertise extends to the Gold and Edible Oil sector, where we spearheaded a project exporting premium-quality Gold & Palm Olein. By focusing on ethical manufacturing practices and innovative designs, we exported over Tons of 24K Gold & Palm Olein.

FOUNDER

**MR. MASIAR ATIAR
RAHAMAN**

FOUNDER'S BIOGRAPHY

Masiar Rahaman, a visionary entrepreneur, embarked on his business journey at a remarkably young age. His innate talent, boundless energy, and innovative mindset quickly set him apart in the industry. His passion for excellence and commitment to customer satisfaction have been the cornerstones of his company's success.

A young and talented entrepreneur, Masiar holds a distinctive honor of completing double MBAs from two prestigious institutions. He earned his first MBA from Jaipur national University (JNU), Jaipur, India, where he specialized in Banking and Finance, and was awarded for his outstanding academic achievement. He further expanded his expertise by pursuing his Double MBA from Lincoln University, Malaysia, with a specialization in Islamic Banking.

His academic background, combined with his innate business acumen, has enabled him to build a thriving enterprise that spans generations. His family's business legacy, which dates back to his grandfather's humble beginnings, has been entrusted to him, and he continues to honor their values while forging his own path. He remains a Remarkable student during His Study Tenure.

Over the years, the business has flourished and become a beloved family legacy, proudly passing from generation to generation. This rich heritage combines time-honored traditions with modern expertise, ensuring that each new chapter builds upon the solid foundation laid by Masiar.

Today, Masiar Rahaman continues to lead with the same youthful vigor and pioneering spirit that marked the beginning of his entrepreneurial adventure. Under his energetic leadership, the company looks forward to a future filled with growth, innovation, and continued success.

PREMIUM RICE

We're proud to be one of the largest Importers and Distributors of rice products from India, Pakistan and other parts of the world. We Stock different Premium qualities of Rice.

BASMATI RICE

variety of long, slender-grained aromatic rice which is traditionally grown in the Indian subcontinent, mainly India, Pakistan, Sri Lanka and Nepal. As of 2019, India accounted for 65% of the international trade in basmati rice, while Pakistan accounted for the remaining 35%.

BROWN BASMATI

Eating whole grains like brown basmati rice is linked to a lower risk of heart disease. Whole grains help to reduce blood cholesterol levels. They also help to reduce the risk of high blood pressure, a risk factor for heart disease.

PUSA RICE

Pusa Basmati 1121 is an independently derived Basmati rice variety, evolved through the process of hybridization over a long breeding process.

IR-64

IR 64 Rice is being cultivated in the Indian subcontinent for over half a century. Owing to such a long reign, IR-64 Non Basmati Rice is the only variety that has been serving the world cuisines, ancient, modern or contemporary.

SONA MASURI

Sona masuri is a lightweight and aromatic medium-grain rice, which is the result of a cross combination of the sona and masuri rice varieties.

SWARNA

Swarna Rice also called Mansuri rice, is one of the healthiest staple Indian rice variety and carries a very low risk of diabetes, says a leading rice research organization, and also has a low glycemic index (GI)

1121 BASMATI

It has a rich aromatic flavor with its XXL extra-long grain. It gives excellent taste in Biryani, Pulao and other rice dishes

SUGAR

We are the exporter of ICUMSA 45, ICUMSA 100, ICUMSA 150 and Brown Sugar Our goal is to provide budget-friendly and High quality Sugar used for everyday dishes with excellent cooking performances.

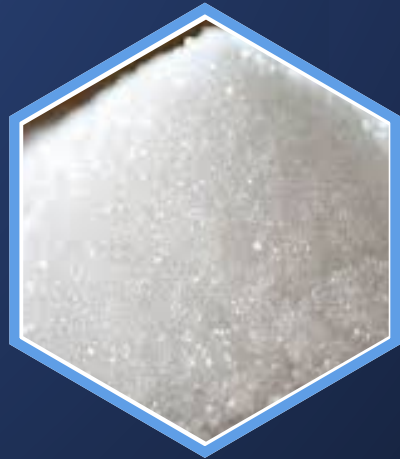

ICUMSA 45

ICUMSA 45 white sugar, a highly refined sugar grade, is distinguished by its exceptionally white (brilliant) color and high purity. The acronym ICUMSA stands for International Commission for Uniform Methods of Sugar Analysis.

ICUMSA 100

ICUMSA 100 Sugar is manufactured by using a crystallization process without any chemical refining. The Sugar presented by us is well known for its great crystalline shape and pureness. To keep the sugar safe and to supply it on time, we stock Sugar in our classy warehouse.

ICUMSA 150

ICUMSA-150 White Cane Sugar is also called White Crystal Sugar which is formed by Crystallization process, without chemical refining. ICUMSA-150 White Cane Sugar is often used in Large Scale Baking, Drinks making and the production of other food stuffs.

BROWN SUGAR

Brown sugar is a type of sugar that has a distinctive brown color and a rich, caramel-like flavor. It is made by adding molasses, a thick, dark liquid that is a byproduct of the sugar refining process, back into refined sugar.

AGi
INTERNATIONAL

EDIBLE OIL

20L 18L 2L 1L

We are the exporter of Sunflower Oil, Corn Oil, Soya Oil, Canola Oil and other vegetable oil products. Our goal is to provide budget-friendly edible oils used for everyday dishes with excellent cooking performances.

SUNFLOWER OIL

Sunflower oil is primarily composed of linoleic acid, a polyunsaturated fat, and oleic acid, a monounsaturated fat. Through selective breeding and manufacturing

SESAME OIL

Sesame oil is an edible vegetable oil derived from sesame seeds. The oil is one of the earliest-known crop-based oils.

CORN OIL

While corn oil isn't intrinsically bad, it's highly processed and often used in unhealthy preparations like frying. Like popular vegetable oils such as canola oil, it's also high in over-consumed omega-6 fatty acids.

OLIVE OIL

Olive oil is a liquid fat obtained by pressing whole olives, the fruit of *Olea europaea*, a traditional tree crop of the Mediterranean Basin, and extracting the oil. It is commonly used in cooking for frying foods or as a salad dressing

COCONUT OIL

Coconut oil is edible oil made from pressing the meat inside coconuts. It's solid at room temperature and liquid when heated. There are two types: virgin and refined.

AGI**INTERNATIONAL****PALM OLEIN****CP8,CP10**

AGI international General Trading LLC OFFERS IMPORTED Palm Olein FROM INDONESIA & MALAYSIA. Available at Any Require Location.

GRADE – CP 8

RBD Palm Olein CP8 is an Extremely Stable and Cost Effective Deep-Frying Oil that lasts longer in your fryer. RBD Palm Olein CP8 is made from the Finest Quality Palm Olein. RBD Palm Oil CP8 is a Cholesterol Free and contains Healthy levels of Vitamin-E.

GRADE – CP 10

RBD Palm Olein CP10 Refined with Saturate Protected formula, which helps to reduce oil absorption during Cooking and Frying. It is Tasteless and Odourless formula, which means when you eat, then you taste the food and not the oil.

INTERNATIONAL

BEANS & PULSES

We are exporters and distributors of whole, Split or Milled peas, Chickpeas, Beans and Lentils in a variety of shipment sizes. Pulses are part of the legume Family but the term "Pulse" refers only to the dried seeds.

URAD GOTA

Urad dal possesses excellent antioxidant properties that make it beneficial for the heart, liver and kidneys. In addition, it has a low glycemic index and high dietary fibre

URAD DAL SPLIT

Urad dal is also known as Split black lentils and Black gram dal. Split urad dal retains the skin and also has a strong flavour. Skinned and split urad dal is creamy white and somewhat bland.

RED MASOOR

Masoor dal (*Lens culinaris*), also called red lentil, is a staple food in every Indian household. It is widely cultivated in warm, tropical and temperate zones for its edible and nutritious seeds.

RED KIDNEY BEANS

Rich in various minerals, vitamins, fibers, antioxidants, and other unique plant compounds. Therefore, these beans may aid weight loss, promote colon health, and moderate blood sugar levels

AGI

INTERNATIONAL

SPICES

We are leading whole sale seller if spices, spice powders in the United Arab Emirates. We import variety of spices and food products from India, China, Pakistan and different parts of the world. We are leader in processing and distributing quality Spices in UAE Hypermarkets and also all over the GCC Origin CHINA, PAKISTAN, EGYPT, TURKEY, USA, INDIA & SPAIN.

CARDAMON BLACK

Black cardamom is usually used in concert with several other spices, both to temper it down, and because it does a fantastic job of blending disparate flavors together. It also elevates relatively bland lentil and rice dishes in an unsubtle but not overwhelming manner.

CORIANDER

Coriander, also known as cilantro, is an annual herb in the family Apiaceae. All parts of the plant are edible, but the fresh leaves and the dried seeds are the parts most traditionally used in cooking.

FENNEL SEEDS

Fennel seeds are a spice harvested from one of several types of herb fennel plant. They have a sweet, powerful flavor that's similar to licorice. Fennel seeds have traditionally been used in Italian cooking.

CUMIN SEEDS

For generations, people have used cumin to treat conditions ranging from indigestion and diarrhea to headaches. People in India have used it to treat kidney and bladder stones, eye disease, and even leprosy.

BLACK PEPPER

Black pepper is native to the Malabar Coast of India and is one of the earliest spices known. Widely used as a spice around the world, pepper also has a limited usage in medicine as a carminative (to relieve flatulence) and as a stimulant of gastric secretions.

TURMERIC

Studies show that turmeric may help fight infections and some cancers, reduce inflammation, and treat digestive problems. Many studies have taken place in test tubes and animals.

CLOVES

Its dried flower buds are a popular spice and are also used in Chinese and Ayurvedic medicine. Clove oils, dried flower buds, leaves, and stems are used to make medicine.

CARDAMON

Cardamom is an herb that is often used as a spice in foods. The seeds and the oil from the seeds are sometimes used to make medicine. Cardamom contains chemicals that might kill some bacteria, reduce swelling, and help the immune system.

DRY GINGER

Dry ginger powder is known to ease pain and discomfort in the stomach caused by long-term indigestion issues. Poor dietary habits and delay in gastric emptying time are reasons for indigestion.

INTERNATIONAL

DRY FRUITS & NUTS

We are exporters and distributors of Dry fruits (Cashew nuts, Raisins, Walnut and Almonds ETC) in a variety of shipments sizes. that is differentiated by excellent quality and attractive price. Customers can taste the quality of service in every order they receive. We cover choices of variety from east to west and north to south.

CASHEWS

They are a source of protein, as well as several minerals, including copper, magnesium, zinc, and iron. Some research suggests that they may have health benefits, such as reducing blood pressure.

RAISINS

Despite their small size, raisins are packed with energy and rich in fiber, vitamins, and minerals. Raisins are naturally sweet and high in sugar and calories, but they're beneficial to our health when eaten in moderation. In fact, raisins can aid digestion, boost iron levels, and keep your bones strong.

WALNUT

Walnuts are the round, single-seed stone fruits of the walnut tree. They ripen between September and November in the northern hemisphere.

PISTACHIO

Pistachios may be good for someone's health as they are source of protein, antioxidants, and fiber. Possible benefits include boosting heart health, managing blood sugar, and reducing colon cancer risk.

ALMONDS

Almonds have both calcium and phosphorus, which are good for bone health. Almonds seem to help curb blood sugar spikes after meals, which is key for people with diabetes. Recent research appears to suggest that almonds may help protect the health and immunity of your gastrointestinal (GI) tract.

DATES

Apart from being an excellent substitute for refined sugar, dates can improve the skin, aid in losing weight, reduce belly fat, prevent hair loss, and provide support during pregnancy.

AGi
INTERNATIONAL

FRESH FRUITS

We have a very long list and history that contains thousand varieties of Fresh Fruits from around the globe that is differentiated by excellent quality and attractive price. Customers can taste the quality of service and freshness of the Fruits in every order they receive. We cover choices of variety from east to west and north to south.

BANANA

Bananas are rich in potassium and other important minerals and vitamins that help your body perform critical functions.

AVACADOS

Avocados contain a wide range of nutrients. Health benefits of avocado consumption may include improving digestion, lowering the risk of depression, and preventing bone loss.

PEACH

Healthy eyes, skin, and immune systemThe vitamin A in peaches is key to skin health, as it supports the constant process of replacing old skin cells with new, healthy cells.

GRAPES

Grapes are a type of fruit that grow in clusters of 15 to 300, and can be crimson, black, dark blue, yellow, green, orange, and pink. "White" grapes are actually green in color, and are evolutionarily derived from the purple grape.

ORANGE

Helps your body make collagen, a protein that heals wounds and gives you smoother skin. Makes it easier to absorb iron to fight anemia.

APPLE

This nutritious fruit offers multiple health benefits. Apples may lower your chance of developing cancer, diabetes, and heart disease. Research says apples may also help you lose weight while improving your gut and brain health.

KIWI

Kiwis are rich in vitamin C, copper, and vitamin K and contain smaller portions of many other important nutrients. Their impressive nutrition profile supports many avenues of health, including digestion, weight management, and blood sugar control.

MANGO

mango and its nutrients to several health benefits, such as improved immunity and digestive health. Some polyphenols found in the fruit might even lower the risk of certain cancers.

POMEGRANATE

Pomegranates are low in calories and fat but high in fiber, vitamins, and minerals. Benefits include antioxidants, heart health, urinary health, exercise endurance, and more.

AGi
INTERNATIONAL

FRESH VEGETABLES

We have a very long list and history that contains thousand varieties of Fresh Vegetables from around the globe that is differentiated by excellent quality and attractive price. Customers can taste the quality of service and freshness of the Vegetables in every order they receive. We cover choices of variety from east to west and north to south.

ONION

Onions are highly nutritious vegetables that may have several benefits, including improved heart health, better blood sugar regulation, and increased bone density.

TOMATOES

Tomatoes are the major dietary source of the antioxidant lycopene, which has been linked to many health benefits, including reduced risk of heart disease and cancer.

POTATOE

They're rich in vitamin C, which is an antioxidant. Potatoes were a life-saving food source in early times because the vitamin C prevented scurvy.

CUCUMBER

Cucumber is a nutritious fruit with a high water content. Eating cucumber may help lower blood sugar, prevent constipation, and support weight loss. To maximize cucumber's health benefits, eat the peel, too.

CARROTS

Carrots contain many nutrients, including beta-carotene and antioxidants, that may support your overall health as part of a nutrient-rich diet.

LADY FINGER

Ladyfinger has vitamin C and is rich in fibre. The fibre may help remove the toxic waste, and vitamin C may help with pigmentation of the skin, repair the tissues of the body, and aid in managing psoriasis, acne, and other skin diseases

CHILLI

Chili peppers (*Capsicum annuum*) are the fruits of *Capsicum* pepper plants, notable for their hot flavor. They're rich in vitamins, minerals, and antioxidants. They're primarily used as a fresh or dried spice.

SPINACH

Eating spinach may benefit eye health, reduce oxidative stress, help prevent cancer, and reduce blood pressure levels.

BRINJAL

Eggplants are a nutrient-rich food that contains fiber, vitamins, and minerals. They may benefit your overall health, including your heart.

AGi

INTERNATIONAL

METAL

A metal is a material that when polished, or fractured, shows a lustrous appearance, and conducts electricity and heat relatively well. These properties are all associated with having electrons available at the Fermi level, as against nonmetallic materials which do not. Metals are typically ductile and malleable.
